

Charles A. Ackerman, Jr.

Remote Customer Service & Support Center Professional

Parkville, MD | 410-807-0321 | Charles.A.Ackerman@gmail.com | chuckackerman.net | linkedin.com/in/chuck-ackerman

PROFESSIONAL SUMMARY

Customer service professional with 20+ years of experience in high-volume, phone-based support, including direct claims and payment-related customer support in the insurance/fleet industry. Skilled in de-escalating stressful calls, auditing claim and repair estimates, resolving billing and payment disputes, and navigating multiple products and account systems within a single call. Proficient with CRM/ticketing platforms (Salesforce, ServiceNow) and multi-line call management systems (Five9). Fully remote since 2020. Known for turning frustrated callers into satisfied ones without a sales agenda.

CORE SKILLS

- High-Volume Inbound Call Handling
- Billing & Payment Dispute Resolution
- CRM & Ticketing (Salesforce, ServiceNow)
- Multi-Product / Multi-Account Navigation
- Account & Access Management
- Claims & Repair Estimate Auditing
- Customer De-escalation
- Call Management Systems (Five9)
- Quality Assurance & Process Review
- Training & Webinar Instruction

PROFESSIONAL EXPERIENCE

Technical Support Specialist

2019 – Present

Element Fleet Management | Owings Mills, MD (Fully Remote since 2020)

- Handle high-volume inbound support calls through a multi-line call management system (Five9), with no missed monthly performance goals to date.
- Provide front-line phone support for internal staff and external customers, resolving account access and platform issues while researching and updating account records.
- Manage account provisioning and access permissions, including password resets, unlocks, and security-level changes.
- Conduct quality assurance reviews for a four-person support team, directly shaping department-wide service standards.
- Deliver monthly training webinars to internal staff and external customers on system navigation and new features.
- Support the company's mobile application for Android and iOS platforms, assisting users with functionality and troubleshooting.
- Received 6–7 peer/manager recognition awards annually (2019–present) for support quality and reliability.

Customer Support Consultant

2004 – 2019

Element Fleet Management (formerly PHH Arval) | Owings Mills, MD (Remote from 2015)

- Served as primary phone support contact for customers dealing with accidents, roadside incidents, and vehicle repairs, de-escalating stressful situations and coordinating next steps.
- Reviewed and audited repair estimates and claims documentation for accuracy, working with third-party vendors to research and resolve discrepancies.
- Provided overflow phone support for the broader customer care team during high-volume periods, handling multiple product and account types per shift.
- Participated in user acceptance testing (UAT) for internal software upgrades and contributed to new-hire training on portal and system navigation.
- Contributed to an early planning team that helped shape the design and functionality of the company's original BlackBerry mobile application.

Coordinator

2003 – 2004

Element Fleet Management (formerly PHH Arval) | Owings Mills, MD

- Managed processing and payment resolution for customer billing disputes (parking/traffic citations) across a multi-state program, with direct experience in payment processing and claim-style dispute research.
- Identified a month-long bottleneck in ticket retrieval caused by a shared microfilm system, then reverse-engineered the vendor's cataloging formula to build a local digital ticket library, cutting retrieval time from weeks to minutes.
- Submitted process-improvement ideas through the company's internal innovation program.

EARLIER EXPERIENCE

- Data Entry Specialist — PDP Group, Inc. (2000–2003)
- Technical Support Representative (Phone & Chat) — Absolute Quality, Inc. (1999–2000)
- Customer Service Representative (In-Person Retail) — CompUSA (1998–2000)

RECOGNITION

- Workhuman Bravo Awards (2019–Present): 6–7 awards annually for support quality and reliability.
- Winners Circle & Extra Mile Awards: Recognized for consistent performance excellence.
- Submitted 20+ process-improvement suggestions through internal innovation programs.
