

Charles A. Ackerman, Jr.

Remote Customer Support & Technical Troubleshooting Specialist

Parkville, MD | 410-807-0321 | Charles.A.Ackerman@gmail.com | chuckackerman.net | linkedin.com/in/chuck-ackerman

PROFESSIONAL SUMMARY

Customer support and technical troubleshooting professional with 20+ years of experience helping customers and employees resolve account access, security, and software issues. Skilled in user provisioning, password/security administration, quality assurance, and training. Remote since 2015 (limited in-office presence — one weekly meeting, about 4 hours — until fully remote in 2020). Known for patience, clear communication, and turning frustrated callers into satisfied ones without a sales agenda.

CORE SKILLS

- Customer Service & De-escalation
- Account & Access Management
- Quality Assurance & Process Review
- CRM & Ticketing (Salesforce, ServiceNow)
- High-Volume Call Handling
- Technical Troubleshooting
- Password / Security Administration
- Training & Webinar Instruction
- Call Management Systems (Five9)
- Remote Team Collaboration

PROFESSIONAL EXPERIENCE

Technical Support Specialist

2019 – Present

Element Fleet Management | Owings Mills, MD (Fully Remote since 2020)

- Provide front-line technical and account support for internal staff and external customers via phone, resolving login, authentication, and platform-access issues.
- Manage user account provisioning and role-based access permissions, including password resets, account unlocks, and security-level changes.
- Support a customer-facing mobile app, troubleshooting login and functionality issues for end users in the field.
- Handle high-volume inbound support calls through a multi-line call management system (Five9), consistently meeting response and resolution targets.
- Deliver monthly training webinars to internal staff and external customers on system navigation and new features.
- Conduct quality assurance reviews for a four-person support team to help maintain department-wide service standards.
- Received 6–7 peer/manager recognition awards annually (2019–present) for support quality and reliability.

Customer Support Consultant

2004 – 2019

Element Fleet Management (formerly PHH Arval) | Owings Mills, MD (Remote from 2015)

- Served as primary phone support contact for customers dealing with accidents, roadside incidents, and vehicle repairs — de-escalating stressful situations and coordinating next steps.
- Reviewed and audited repair estimates for accuracy, working directly with third-party vendors to resolve discrepancies.
- Provided overflow phone support for the broader customer care team during high-volume periods.
- Participated in user acceptance testing (UAT) for internal software upgrades and helped train new hires.

Coordinator

2003 – 2004

Element Fleet Management (formerly PHH Arval) | Owings Mills, MD

- Managed processing and payment resolution for customer billing disputes (parking/traffic citations) across a multi-state program.
- Digitized paper-based workflows to reduce processing time.

- Submitted process-improvement ideas through the company's internal innovation program.

EARLIER EXPERIENCE

- Data Entry Specialist — PDP Group, Inc. (2000–2003)
- Technical Support Representative (Phone & Chat) — Absolute Quality, Inc. (1999–2000)
- Customer Service Representative (In-Person Retail) — CompUSA (1998–2000)

RECOGNITION

- Workhuman Bravo Awards (2019–Present): 6–7 awards annually for support quality and reliability.
- Winners Circle & Extra Mile Awards: Recognized for consistent performance excellence.
- Submitted 20+ process-improvement suggestions through internal innovation programs.
